## EVEN PAY/EASY PAY

Pay the same amount every month, no matter what the weather is like!

### **How does this work?**

Even Pay averages out the seasonal variations of your utility costs. We'll calculate your Even Pay amount based on your previous utility costs. Twice a year, any difference between your actual charges and your Even Pay charges will be averaged into your new payment amount for the following year or you can make an extra payment to catch it up.

### **PLUS-**

Even Pay works most efficiently when combined with Easy Pay, which allows you to deduct payments automatically from your checking or savings account from any bank any where. This is the easiest and most cost-effective way to pay your bill on time, and it's free. That's all there is to it! Even Pay is designed for residential customers with at least 12-months of good history with the City. Participants **may not** be delinquent with utility payments.

To sign up, please stop by or call City Hall at (712) 957-2435.

## RECYCLE & GARBAGE

Recycling will be picked up on Wednesday, August 4th and 18th.

Waste Connections requests that you set out your containers by 7:00 A.M. the morning of pick up.

**\*\*There is a limit of two 32 gallon containers per household. Tags may be purchased from City Hall for each additional container at a cost of \$1.00 per tag.\*\*** So if some of your garbage has been left this could be why.
