## Primghar Power Outage Jan. 22

We at City Hall, would like to apologize for the inconvenience and lack of details surrounding the power outage we all experienced a couple of weeks ago. In an effort to resolve questions and alleviate rumors, we sum all of this up to technical issues. A failed sub-station south of town was to blame, but, it was our Generator that proved to be the biggest upset. The generator was, as it should be, hooked up to back-up power. However, the back-up was electrical. In all periodic testing measures and procedures, everything worked according to plan. Unfortunately it took a real-life emergency to discover the defect, which with no waste of time, has been repaired. If you have any additional questions, please call City Hall.

### Dates to Remember:

March 20th-First Day of Spring  
April 4th-Easter Sunday  
May 14th-Spring Clean-Up  
(More information to come)

### Reminder :

Again, due to the amount of snow still laying around, we have Estimated your Electricity and Water usage. If you have any questions regarding this process, please call Linda or Wendy at City Hall ~~~ Thanks
